Review

"After retiring from competition as an elite middle-distance runner, I decided to try marathons. All of my training has been based on what I learned in Advanced Marathonning, and I haven't been disappointed. Read this book, stick to the program, follow their advice, and I guarantee that you will be ready to run a great marathon."

Steve Holman

1992 U.S. Olympic track and field team member (1,500 meters)

Ranked fourth in the world in 1995 and fifth in 1994

"For anyone serious about running, Advanced Marathonning offers the latest information for optimizing performance. If you are preparing for a marathon, I highly recommend this book."

Meb Keflezighi

2004 Olympic Marathon Silver Medalist
