Description:

Prompted by mounting changes and mounting confusion in constitutional evidence law and by the new restyling of the Federal Rules of Evidence, this edition presents the familiar student-friendly textbook, now with these improvements:

- Presents and digests the latest Confrontation Clause caselaw, including *Williams v. Illinois*, 132 S. Ct. 2221 (2012);
- Fully incorporates the restyled Federal Rules of Evidence;
- Surveys the latest scholarship and caselaw to assess the current validity of a range of forensic

sciences;

- Presents new cases and problems throughout, while carefully retaining tried-and-true teaching tools, however old, that have shown no sign of wear.

As with past editions, this new text addresses the intricacies of evidentiary law in a way students will find both engaging and intellectually compelling. The casebook and accompanying rulebook are wholly integrated, with paginated cross-references that encourage students to consult legislative history.
