It is the perfect resource for students of healthcare management, nursing, allied health, business administration, pharmacy, occupational therapy, public administration, and public health. “Drs. Buchbinder and Shanks have done a masterful job in selecting topics and authors and putting them together in a meaningful and coherent manner. Each chapter of the book is designed to give the student the core content that must become part of the repertoire of each and every healthcare manager, whether entry level or senior executive. Each of the chapters and accompanying cases serve to bring to life what it means to be a truly competent healthcare manager.” —Leonard H.
