**Description:**

**Review** "*Smoke Signals* is an important, serious-minded look at the role cannabis has played in American history. He tackles the hard issues of marijuana prohibition with keen insight and righteous indignation. I agree with Lee's central premise that our marijuana laws are draconian. Every American should read this landmark book!" (Douglas Brinkley, Professor of History at Rice University and author of *Cronkite*)

"A ripping read, thoroughly researched, *Smoke Signals* will help inform the current debate and

hopefully hasten the demise of prohibition." —David Bronner, CEO, Dr. Bronner's Magic Soaps

"[A] well-reasoned, entertainingly written, and passionate examination of the social and culture war that surrounds the drug."—*Booklist*

"In this accessible and well-researched analysis, Lee offers a cultural reckoning of cannabis in its many incarnations, spanning from its first recorded utilization in 2700 B.C.E. to the present...a compelling read and an excellent source of information on the topic."—*Publishers Weekly*

"Smoking a doobie isn't the worst thing a person could do...and Lee backs that thought up with social history aplenty, ranging from neolithic experiments down to the Kerouac-ian consumers of the Beat Era."—*Kirkus Reviews*

"Lee...imagines a bright, legal, lucrative future for weed."—*Business Week*

"[E]xuberant, richly researched." (*Boston Globe*)

"High but not dry...a lively and informative book." (*Detroit Metro Times*)

"This is a brilliant book . . . Smoke Signals is destined to be a classic." (Mikki Norris *West Coast Leaf*)

"As Martin A. Lee shows in *Smoke Signals*, his engaging and illuminating new history, marijuana's contraband status is a result of historical accident, racial prejudice, xenophobia, loads of cultural baggage, and an astonishing amount of ignorance." (Jacob Sullum, Reason)

**About the Author Martin A. Lee** is the author of four books, including most recently *Smoke Signals: A Social History of Marijuana - Medical, Recreational and Scientific*. He is the cofounder of the media watch group FAIR and the director of Project CBD, a medical science information service. He is also the author of *Acid Dreams* and *The Beast Reawakens*, and his writing has appeared in many publications, including *The Washington Post*, *The Los Angeles Times*, *Harper's Magazine*, *Le Monde Diplomatique*, *Rolling Stone*, *The Nation*, Salon.com, HuffingtonPost.com, and TheDailyBeast.com.
