Description:

The Pocket Guide to the DSM-5 Diagnostic Exam is the **only** interview book with DSM-5 criteria.

- The book provides an efficient structure for learning how to conduct an interview, reviews the screening questions, and then explains how DSM-5 impacts the interview. The sixth chapter, the core of the guide, walks the reader through a complete diagnostic exam that includes questions for each DSM-5 disorder class.
- The book is for beginners learning the format and flow of the diagnostic interview and for seasoned clinicians conducting an interview consistent with DSM-5's revisions. *The Pocket Guide to the DSM-5 Diagnostic Exam* is a pragmatic and

concise resource for diagnosing a person in mental distress while establishing a therapeutic relationship.

- Want more? Check out my new guide to diagnosing and treating children and adolescents using DSM-5 criteria, the ***DSM-5 Pocket Guide for Child and Adolescent Mental Health***, written with pediatrician and psychiatrist Robert J. Hilt.
 - A memoir, ***The Finest Traditions of My Calling: One Physician's Search for the Renewal of Medicine***, is also available from Yale UP.
